**Prepare for
College
Success**

Launch your research experience today!
<https://rasor.alaska.edu>

We hope to be your first positive college experience.

Avi and Miller in Metlakatla
RASOR 2020

"Doing research with my friends brought us closer together while learning to look at things like a scientist."

- Jade in Wrangell,
RASOR 2019

Sierra in Craig
RASOR 2020

Courses Offered

Fall 2021: 1 CR BIO 175
Attend a science symposium. Travel included.*

Spr 2022: 1-3 CR BIO 101
Conduct field research and communicate results.

Flexibility

The RASOR program adapts to match your availability, schedule, interests, goals and preparedness.

Cost

Tuition costs are \$25 per credit hour. You may qualify for a scholarship.

Eligibility

High school (grades 9-12) students from Southeast Alaska who are curious to learn more about the marine environment.

One-Health Research

The one-health approach emphasizes that animal, human and environmental health are interconnected.
